OBJECTIVE

An internship or employment opportunity in a computer science related field, and to learn more about technology and the capabilities of modern computers.

EDUCATION

University of California, Berkeley – Berkeley, CA   B.A. Computer Science
                                                                                                                          Expected May 2017

EMPLOYMENT

Pipeline Suite – Newport Beach, CA; Developer / Data Entry   September 2010 – August 2013
- Comprehensive database management, manual database input, customer data management.
- Regularly manipulated Excel databases with over 20K data entries.
- Web development, web design, image manipulation.

Tyrantsoft – Newport Beach, CA; Founder   April 2012 – December 2014
- Tyrantsoft was a startup I began during my junior year of High School. Without any formal training in programming or business, I have made over $15,000 in revenue.
- My responsibilities include maintaining and designing multiple websites, managing and hosting multiple servers, managing databases, tracking payments, creating advertising media, web advertising, building plugins, and constant availability for customer support.

Graviti Fitness– Corona del Mar, CA; Web Developer / Sales   March 2013 – August 2013
- My responsibilities included maintaining and designing a website, web advertising, advertising research, media advertising, and customer data management.
- Also worked front desk as sales representative, selling memberships to walk-in customers.

SKILLS

- Programming Experience – Python, Java, C, Javascript, HTML, CSS, JQuery, Swift.
- Software Experience– Adobe Photoshop, Adobe Illustrator, Microsoft Office, Emacs, Sublime, Atom.
- Operating Systems – Windows (XP, Vista, 7, 8+), Mac OS, iOS, Linux.

EXPERIENCE

CS10 Lab Assistant – Berkeley, CA   January 2014 – June 2014
- Attend CS10 labs and teach students "Snap!", which is a graphically based programming language developed at UC Berkeley to help introduce students to computer science.
- Learned valuable interpersonal communication skills by collaborating with students from many fields.

Coastline Regional Occupation Program – Newport Beach, CA   September 2012 – June 2013
- Learned advanced techniques of Adobe Illustrator and Photoshop.
- Specialized year long technical course in graphic design and design theory.

ACTIVITIES

Newport Beach Little League – Newport Beach, CA; Head Coach / Volunteer   September 2011 – June 2013
- Managed a baseball team of 11-12 year old players.
- Made rosters, kept statistics, organized practices, and connected with parents.

National Honor Society – Newport Beach, CA;   May 2011 – June 2013
- Society focused on promoting academic integrity and leadership throughout campus.
- Led multiple book-drives for local elementary schools. Assisted neighboring elementary schools as a tutor, and helped teach students in lower income neighborhoods.
